Senior Business/Functional Analyst and finance transformation executive who translates complex data into actionable business insight. Brings proven experience driving data platform transformation — from legacy-system migration to building and maintaining scalable new platforms — working hand-in-hand with Business and Functional Analyst profiles to ensure timely delivery. Skilled at gathering internal customer requirements, analysing data needs, identifying gaps, and recommending data solutions that align with business objectives and functional specifications.

Professional Experience

Engie SEM

January 2026 – Present | Brussels, BE

Senior Business/Functional Analyst (Data Platform Transformation) (Freelancer)

- Acted as the core Business Analyst, conducting requirement-gathering conversations with internal customers to capture and document the functional needs of the application being developed.
- Analysed data requirements, identified data gaps between legacy and new platforms, and recommended data solutions aligned with business objectives.
- Developed functional specifications and documentation for data transformations, data mappings, and data integrations.
- Participated in data migration efforts, supporting the transition from legacy systems onto the new data platform while ensuring data integrity.
- Troubleshooted data-related issues, identified root causes, and implemented solutions to keep delivery on track.

Holcim

January 2024 – December 2025 | Nivelles, BE

Senior Operational Excellence & Data Lead (Freelancer)

- Managed the SAP HANA ERP data migration, restructuring data and preserving system integrity.
- Rolled out Qlik Sense finance reporting, building 8 executive dashboards that shortened reporting cycles by 50% and enabled faster, evidence-based managerial decisions.
- Built rebate models (matrix & automated SAP) aligned to commercial strategy, driving €150M annual rebate volume with 99.8% accuracy and resolving commercial disputes 30% faster.
- Guaranteed data reliability and partnered with auditors on rebate matters.

Engie Tractebel

March 2023 – December 2023 | Brussels, BE

Cash Flow & Financial Modeling Specialist (Freelancer)

- Designed cash-flow reporting and per-project financing-need assessment.
- Assessed local financing needs, performed countercredit analysis, and conducted impairment testing.
- Engineered finance data models from SAP HANA, delivering 8 Power BI executive dashboards that turned raw transactions into decision-ready insights for finance leadership.
- Advised the valuation department on financial modelling for multiple SMR (Small Modular Reactor) projects, underwriting long-horizon capex, cash-flow and valuation assumptions.

Shurgard

February 2022 – February 2023 | Brussels, BE

Investment & Corporate Development Analyst (Freelancer)

- Advised on self-storage M&A transactions worth €10M to €80M, structuring and negotiating acquisitions, restructurings, and divestitures.
- Maintained project dashboard and initiated corporate development projects to improve department policies and procedures.
- Designed the data model and visualization for the Investment department's Business Intelligence efforts.
- Collaborated in the development of a new pricing model using Artificial Intelligence.

Magnetrap

November 2020 – January 2022 | Mons, BE

Head of Controlling

- Acted as interim CFO and led fundraising, organizing €3M in debt/equity fund raises.
- Produced cash-flow projections, business plans, and long-term financial goals.
- Monitored company performance and drove corrective actions.
- Prepared operating results reports and maintained financial models for long-term use.

Tobania

February 2020 – October 2020 | Brussels, BE

Director Business Process Automation

- Led development and implementation of citizen developer business model using RPA and self-service BI, including pricing strategy and roadmap.
- Managed business development, including marketing strategy, pre-sales, and sales, and identified new business opportunities.
- Implemented process optimization, standardization, and harmonization to improve efficiency and profitability for customers.
- Provided regular, tailored reports to help customers monitor and control costs and make data-driven business decisions, and established change management structures and strategies to facilitate successful adoption of new processes and technologies.

Soap collect

January 2019 – Present | Phnom Penh, KH

Founder

- Established a non-profit organization focused on providing hygiene products to disadvantaged communities.
- Formed partnerships with luxury hotel chains to source used soap for reconditioning.

Degroof Petercam

January 2018 – December 2018 | Brussels, BE

Performance Management Project Leader

- Finance Transformation Operating Model (FTOM)
- Designed and implemented a client-centric performance management system.
- Optimized finance close process for improved governance, internal control, and data quality.
- Led projects related to regulatory reporting sourcing and followed BPM standards.
- Conducted gap analysis of business requirements and existing procedures to identify areas for improvement.

Vinci Airports

February 2016 – December 2017 | Brussels, BE & Lisbon, PT

Managing Director & Head of Project Financial Modeling / Cursus Grand Talent

- Led the group's subsidiaries, contributing to a €12B valuation.
- Led deployment of operational financial modeling of 50+ airports locations in various countries.
- Developed long-term financial business model including analysis of macroeconomic impact, capital expenditures, and concession valuation.
- Negotiated extension of concession contract with Portuguese authorities and implemented new financial business model to improve budgeting and forecasting processes.
- Managed accounting and financial reporting in accordance with BE-GAAP standards.

Rexel

September 2014 – January 2016 | Paris, FR

Reporting Consolidation Manager

- Managed consolidated reporting across a €3B-turnover scope spanning LATAM, APAC, and Canada.
- Integrated SAP BPC and Cognos reporting, strengthening GL/AP consolidated reporting.
- Ran annual budgeting and monthly forecasting (actual vs. budget).

KPMG Audit

January 2011 – August 2014 | Paris, FR

Financial Auditor Supervisor

- Audited financial statements under multiple accounting standards (BE-GAAP, SOX), strengthening GL and financial-close controls.
- Audited financial modelling for long-term PPP contracts.
- Certified FP7 grant agreements; led audit teams and supervised auditors.

ICM - Brain & Spine Institute

November 2009 – August 2010 | Paris, FR

Deputy CFO Trainee

- Implemented the budget system and prepared business plans for the scientific teams.
- Established the internal control system for purchasing and donation processes and managed bank reconciliation.
- Prepared the institutional audit necessary for the certification by the "Comité de la Charte".
