Senior FP&A / Group Controller (freelance) with 15+ years across Group Controlling, multi-entity consolidation (IFRS / BE-GAAP), cash-flow, working capital and CAPEX, and investor- and bank-facing reporting for high-growth, multi-country (BE, FR, NL, PT) groups. I support the CFO and Corporate Controlling autonomously — building the Medium-Term Plan 2026–2030 and progressively embedding it, and challenging regional P&L, balance sheet, cash-flow, working capital and CAPEX on the substance — turning consolidated data into investor-, bank- and stakeholder-ready analysis, backed by hands-on M&A due diligence and post-acquisition integration experience.
