Phone +32 476 60 05 90	Director of Finance with 15+ years leading plant and operations finance across multi-site, multi-country operations in BE, FR and NL. I specialise in P&L partnering, multi-entity GL (GL, AP, AR), multi-site financial close, and cash / treasury management. I read the numbers on the shop floor and the organisation behind them, bring calm under pressure, and turn raw finance data into executive Power BI reporting. What I bring is an operator's financial discipline, cross-functional partnering, and a steady record of turning finance into a lever for growth.
