Director of Finance with 15+ years delivering reliable monthly and quarterly financial reporting, disciplined budgeting & forecasting, and multi-entity GL / AP / AR across BE, FR and NL. I own the financial-close cycle and bring rigorous Power BI / Cognos reporting alongside SAP S/4HANA / SAP HANA consolidation. I read the numbers and the organisation behind them, partner cross-functionally with IT and the business, and turn finance into a lever for growth.
