Experience

Engie SEM, Strategic Business Analyst & Finance Automation Lead (Freelancer)

Brussels, BE

Jan 2026 – present

9 months

- Led the financial controlling pilot phase for the SAP S/4HANA migration across French subsidiaries, successfully acting as the core Business Analyst bridging IT architecture and strategic business operations.
- Designed, built, and deployed a robust, automated budget modeling tool from scratch within a critical 2-week timeline, ensuring operational continuity during a resource gap and replacing an unreliable legacy framework.
- Streamlined and automated financial closing processes for commodity trading activities, deploying advanced PowerQuery ETL workflows to safely ingest batches of 1,500+ bookings per close with zero human intervention.
- Reconciled complex financial data structures between middle-office databases (IVDB) and SAP S/4HANA while restructuring and simplifying the Work Breakdown Structure (WWS) project codes to optimize portfolio monitoring.

Holcim, Senior Operational Excellence & Data Lead (Freelancer)

Nivelles, BE

Jan 2024 – Dec 2025

2 years

- Leveraged data insights derived from market analysis to restructure production workflows post-M&A, significantly enhancing efficiency.
- Managed SAP HANA migration, restructuring data and ensuring system integrity.
- Developed rebate models (matrix & automated SAP), aligning with commercial strategy.
- Implemented QlikSense with new data for financial reporting and insights.
- Ensured data reliability and liaised with auditors on rebate matters.

Engie Tractebel, Cash Flow & Financial Modeling Specialist (Freelancer)

Brussels, BE

Mar 2023 – Dec 2023

10 months

- Design cashflow reporting and cash exposure per project.
- Assessment of financing needs in local entity, credit analysis of specific counterpart and impairment testing.
- Develop Finance data modelling from SAP for HANA and design Power BI reporting.

Shurgard, Investment & Corporate Development Analyst (Freelancer)

Brussels, BE

Feb 2022 – Feb 2023

1 year 1 month

- Analyzed and managed real estate projects, including construction, redevelopment, and acquisition of self-storage businesses.
- Maintained project dashboard and initiated corporate development projects to improve department policies and procedures.
- Designed the data model and visualization for the Investment department's Business Intelligence efforts.
- Collaborated in the development of a new pricing model using Artificial Intelligence.

Magnetrap, Freelance CFO / Fundraising Consultant

Mons, BE

Nov 2020 – Jan 2022

1 year 3 months

- Acted as interim CFO and led fundraising, organizing €3M in debt/equity fund raises.
- Created cash flow projections, business plans, and long-term financial goals.
- Monitored company performance and implemented corrective actions as needed.
- Prepared operating results reports and managed financial models for long-term use.

Tobania , Director Business Process Automation • Led development and implementation of citizen developer business model using RPA and self-service BI, including pricing strategy and roadmap. • Managed business development, including marketing strategy, pre-sales, and sales, and identified new business opportunities. • Implemented process optimization, standardization, and harmonization to improve efficiency and profitability for customers. • Provided regular, tailored reports to help customers monitor and control costs and make data-driven business decisions, and established change management structures and strategies to facilitate successful adoption of new processes and technologies.
