Finance leader with 15+ years leading accounting and transformation mandates for multi-entity, multi-country organisations across BE, FR and NL. I specialise in General Accounting (GL, AP, AR) and financial-close leadership, and in guiding ERP replacements from AS-IS diagnosis to SAP S/4HANA go-live. What sets me apart is perspective: I've sat on both the operator's and the executive-recruiter's side of the table, so I read the numbers and the organisation behind them. I bring calm under pressure, rigorous Power BI / Cognos reporting, and a genuine commitment to turning finance into a lever for growth.
